CONTRIBUTORS TO THIS ISSUE

H. D. ATTWOOD, M.D.
James Hudson Brown Memorial Fellow in Pathology, Yale University School of Medicine; Presently, Queens College, Dundee, Scotland.

GWENDA R. BARR, M.B.
Research Officer, Nuffield Institute for Medical Research, Oxford University, Oxford, England.

JOYCE L. BEARE, M.A.
Chemist, Vitamins and Nutrition Section, Food and Drug Laboratories, Department of National Health and Welfare, Ottawa, Canada.

CHANDLER McC. BROOKS, PH.D.
Chairman and Professor, Department of Physiology, State University of New York, College at New York City, Brooklyn, N. Y.

KATHERINE BUCK, B.S.
Chemist, National Heart Institute, Bethesda, Md.

AURELIO CANTONE, M.D.
Assistant Professor, Research Institute Carlo Erba, Milano, Italy.

JEROME CORNFIELD, B.S.
Chief Mathematical Statistician, National Institutes of Health, Bethesda, Md.

LEON CUDKOWICZ, M.D., M.R.C.P.
James Hudson Brown Memorial Fellow in Medicine, Yale University School of Medicine; Presently, St. Thomas' Hospital, London, England.

SEYMOUR DAYTON, M.D.
Clinical Investigator, Veterans Administration Center, Assistant Clinical Professor of Medicine, University of California, Los Angeles, Calif.

JEAN DELEGE, M.D.
Research Associate, Department of Physiology, University of Bern, Berne, Switzerland.

L. S. DREIFUS, M.D.
Formerly, Trainee, National Heart Institute, Cardiovascular Department, Michael Reese Hospital, Chicago; Presently, Chief of Cardiology, Valley Forge Army Hospital and Instructor, Department of Medicine, Hahnemann Medical College, Philadelphia, Pa.

LEROY E. DUNCAN, JR., M.D.
Responsible Investigator, National Heart Institute, Bethesda, Md.

WILLIAM F. ECKHARDT, M.D.
Postgraduate Fellow, New Haven Heart Association, and the Department of Medicine, Yale University School of Medicine, New Haven, Conn.

ALFRED F. FASOLA, M.D., PH.D.
Krannert Fellow in Cardiology, Indianapolis General Hospital, Indianapolis, Ind.

DONALD J. FERGUSON, M.D.
Professor of Surgery, University of Minnesota Medical School; Chief of Surgery, Veterans Administration Hospital, Minneapolis, Minn.

CHARLES FISCH, M.D.
Director Robert M. Moore Heart Clinic and Visiting Physician, Indianapolis General Hospital; Assistant Professor of Medicine, Indiana University School of Medicine, Indianapolis, Ind.

ELWOOD L. FOLTZ, M.D.
Assistant Professor of Medicine and Associate in Clinical Pharmacology, University of Pennsylvania School of Medicine, Philadelphia, Pa.

M. J. FREOLY, PH.D.
Assistant Professor, Departments of Physiology and Pathology, College of Medicine, University of Florida, Gainesville, Fla.

GABRIEL GENKINS, M.S.
William and Elsa Menke Fellow in Medicine, Division of Cardiology, Department of Medicine, The Mount Sinai Hospital, New York, N. Y.

JEROME L. GILBERT, M.D.
Associate Professor, Department of Physiology, State University of New York, College of Medicine at New York City, Brooklyn, N. Y.

WILLIAM H. GOODSON, B.A.
Third Year Medical Student, Vanderbilt University, School of Medicine, Nashville, Tenn.

ALLAN V. X. GOODYER, M.D.
Associate Professor of Medicine, Yale University School of Medicine, New Haven, Conn.

DUSAN GRAFNETTER, CHEM. ENG.
Research Chemist, Institute for Cardiovascular Research, Prague-Krč, Czechoslovakia.
CONTRIBUTORS TO THIS ISSUE

W. DONALD GRAHAM, PH.D.
Formerly, Chemist, Pharmacology Section, Food and Drug Laboratories, Department of National Health and Welfare, Ottawa; Currently, Director, Midwest Medical Research Foundation, Victor Place, Wichita, Kan.

Head, Animal Pathology Section, Food and Drug Laboratories, Department of National Health and Welfare, Ottawa, Ontario, Canada.

ALFRED J. GUNNING, F.R.C.S.

CHARLES E. HALL, PH.D.
Professor of Physiology, University of Texas Medical Branch, Galveston, Tex.

OCTAVIA HALL, M.Sc.
Research Associate in Physiology, University of Texas Medical Branch, Galveston, Tex.

ROY G. HERRMANN, PH.D.
Pharmacologist, Lilly Research Laboratories, Eli Lilly and Company, Indianapolis, Ind.

J. P. HOLT, M.D., PH.D.
Professor of Heart Research, University of Louisville, Louisville, Ky.

C. I. HOOD, M.D.
Assistant Professor, Departments of Physiology and Pathology, College of Medicine, University of Florida, Gainesville, Fla.

ANDREW HUVOS, M.D.
Assistant Resident, Department of Medicine, Yale University School of Medicine, New Haven, Conn.

LOUIS N. KATZ, M.D.
Director, Cardiovascular Department, Medical Research Institute, Michael Reese Hospital, Chicago, Ill.

W. L. Kraus, M.D.
Research Fellow, Life Insurance Medical Research Fund; Research Fellow in Medicine, Harvard Medical School; Assistant in Medicine, Peter Bent Brigham Hospital, Boston, Mass.

LESLIE A. KUHN, M.D.
Assistant Attending Physician for Cardiology, Mount Sinai Hospital, New York, N. Y.; Formerly, Acting Chief, Cardiovascular Physiology Section, U.S. Army Medical Research Laboratory, Fort Knox.

WILLIAM W. LACY, M.D.
Instructor in Medicine, Research Fellow American Heart Association, Vanderbilt University, School of Medicine, Nashville, Tenn.

GERTRUDE LANGE, B.A.
Assistant Instructor, Department of Physiology, State University of New York, College of Medicine at New York City, Brooklyn, N. Y.

RICHARD P. LASER, M.D.
Assistant Attending Physician, Division of Cardiology, Department of Medicine, The Mount Sinai Hospital, New York, N. Y.

CHENG-CHUN LEE, PH.D.
Pharmacologist, Lilly Research Laboratories, Eli Lilly and Company, Indianapolis, Ind.

I. J. LICHTON, PH.D.
Formerly, Research Fellow, American Heart Association, Cardiovascular Department, Michael Reese Hospital, Chicago; Presently, Instructor, Department of Physiology, Stanford University, Stanford, Calif.

ZDENEK LOJDA, M.D.
Instructor in Embryology and Histology, Institute of Embryology, Charles University, Prague, Czechoslovakia.

F. J. LOOMBEIJER, PH.D.
Lector of Physiological Chemistry, Physiologisch Laboratorium, Der Rijks Universiteit Te Groningen, Bloemsingel, Netherlands.

B. L. MARTZ, M.D.
Director Lilly Laboratory for Clinical Research and Visiting Physician, Indianapolis General Hospital; Assistant Professor of Medicine, Indiana University School of Medicine, Indianapolis, Ind.

HERMANN MERCKER, M.D.
Apl. Professor in dem Pharmakologischen Institut der Universität, Göttingen, Germany.

C. B. MOORE, M.D.
Ochsner Clinic, New Orleans, La.

K. NAKAGAWA, M.D.
First Department of Internal Medicine, Nagoya University, School of Medicine, Nagoya, Japan.

ELLIOT V. NEWMAN, M.D.
Professor of Experimental Medicine, Vanderbilt University, School of Medicine, Nashville, Tenn.

ROBERT H. ÖSTBERG, R.S.
Medical Student, Yale University School of Medicine, New Haven, Conn.
CONTRIBUTORS TO THIS ISSUE

J. P. OSTENDORF, B.S.
Chemist, University of Groningen, Bloemsingel, Netherlands.

D. VINCENT PROVENZA, Ph.L.D.
Professor, Department of Histology and Embryology, Baltimore College of Dental Surgery, Dental School of Maryland, Baltimore, Md.

RUTH PICK, M.D.
Assistant Director, Cardiovascular Department, Medical Research Institute, Michael Reese Hospital, Chicago, Ill. Established Investigator, American Heart Association.

D. BALDO ROSSI, M.D.
Research assistant, Centro per la Lotta contro il Reumatismo e le Cardiopatie di Roma, Rome, Italy.

VINCENZO RULLI, M.D.
Research Assistant, Centro per la Lotta contro il Reumatismo e le Cardiopatie di Roma, Rome, Italy.

PAUL SAMUEL, M.D.
Research Fellow, Columbia Research Service, Goldwater Memorial Hospital, New York, N. Y.

S. J. SARNOFF, M.D.
Chief, Laboratory of Cardiovascular Physiology, National Heart Institute, Bethesda, Md.

SIDNEY SCHERLIS, M.D.
Assistant Professor, Department of Medicine, School of Medicine, University of Maryland, Baltimore, Md.

R. C. SCHLANT, M.D.
Emory University School of Medicine, Atlanta, Ga.

CARL F. SCHMITT, M.D., Sc.D.
Professor of Pharmacology, University of Pennsylvania School of Medicine, Philadelphia, Pa.; Editor-in-Chief, Circulation Research.

OTTO H. SCHMITT, Ph.D.
Professor of Biophysics, University of Minnesota, Minneapolis, Minn.

H. SHERMAN, Ph.D.
Staff Member, Lincoln Laboratory, Massachusetts Institute of Technology; Staff Associate, Peter Bent Brigham Hospital, Boston, Mass.

ERNST SIMONSON, M.D.
Professor of Physiological Hygiene, University of Minnesota; Consultant in Electrocardiography, Mt. Sinai Hospital, and Veterans Administration Hospital, Minneapolis, Minn.

JEREMIAH Stamler, M.D.
Formerly, Assistant Director, Cardiovascular Department, Medical Research Institute, Michael Reese Hospital, Chicago, and Established Investigator, American Heart Association; Presently, Director, Heart Disease Control Program, Chicago Board of Health, Chicago, Ill.

ALFRED STERN, M.D.
Visiting Physician, Columbia Research Service, Goldwater Memorial Hospital; Associate Clinical Professor of Medicine, College of Physicians and Surgeons, Columbia University, New York, N. Y.

EDWARD F. STEINMETZ, M.D.
Kranenburg Fellow in Cardiology, Indianapolis General Hospital, Indianapolis, Ind.

OLE STORSTEIN, M.D.
James Hudson Brown Memorial Fellow in Medicine, Yale University School of Medicine. Presently, Bodo, Norway.

JOHN K. TURNER, M.A.
Physiologist, U.S. Army Medical Research Laboratory, Fort Knox, Ky.

ARISTIDES VARSOS, M.D.
Research Fellow, Columbia Research Service, Goldwater Memorial Hospital, New York, N. Y.

HERBERT S. WELLS, M.D.
Professor of Physiology, University of Minnesota Medical School, Assistant Chief of Professional Services for Research, Veterans Administration Hospital, Minneapolis, Minn.

HERBERT WENDEL, M.D.
Senior Pharmacologist at Smith, Kline and French Laboratories, Philadelphia, Pa.

JAMES W. WEST, Ph.D.
Merek Sharp and Dohne Research Fellow, University of Pennsylvania; Instructor in Pharmacology, University of Pennsylvania; Associate Clinical Pharmacologist, Division of Cardiology, Philadelphia General Hospital, Philadelphia, Pa.

WILLIAM G. WHEELER, B.S.
Third Year Medical Student, Vanderbilt University, School of Medicine, Nashville, Tenn.

SAMUEL I. YAMADA, Ph.D.
Visiting Scientist, Laboratory of Cardiovascular Physiology, National Heart Institute, Bethesda, Md.

TIMOTHY ZEMPLÍNFI, M.D.
Senior Research Worker, Head of Arteriosclerosis Research, Institute for Cardiovascular Research, Prague-Kr, Czechoslovakia.
INFLUENCE OF SYMPATHOMIMETIC PRESSOR DRUGS ON ARRHYTHMIAS CAUSED BY MULTIPLE STIMULI. J. L. Gilbert, Gertrude Lange and C. McC. Brooks
417
EFFECT OF POTASSIUM AND "TOXIC" DOSES OF DIGITALIS ON THE MYOCAR-DIUM. Charles Fisch, Edward F. Steinmetz, Alfred P. Pasola and B. L. Marts
424
THERMAL DILUTION CURVES IN THE INTACT ANIMAL. Allan V. N. Goodyer, Andrew Hvos, William F. Eckhardt and Robert H. Ostberg
432
EFFECT OF AGE AND CORONARY ARTERY DISEASE ON THE POSTURAL ADJUSTMENT OF PERIPHERAL CIRCULATION. Ernst Simonson
442
EFFECT OF SATURATED AND UNSATURATED FATS ON THE CONCENTRATION OF SERUM CHOLESTEROL AND EXPERIMENTAL ATHEROSCLEROSIS. Alfred Steiner, Aristides Varsos and Paul Samuel
448
454
PERFUSION OF A STRIP OF MAMMALIAN VENTRICLE: EFFECTS OF K-RICH AND NA-DEFICIENT SOLUTIONS ON TRANSMEMBRANE POTENTIALS. Jean Deleze
461
OXYGEN CONSUMPTION OF THE THORACIC AORTA OF NORMAL AND HYPERCHOLESTEREMIC RATS. F. J. Loomans and J. P. Ostendorf
466
TURNOVER OF CHOLESTEROL IN THE ARTERY WALLS OF NORMAL CHICKENS. Seymour Dayton
468
EFFECTS OF RENAL HYPERTENSION ON CORONARY BLOOD FLOW, CARDIAC OXYGEN CONSUMPTION AND RELATED CIRCULATORY DYNAMICS OF THE DOG. James W. West, Hermann Mereker, Herbert Wendel and Elwood L. Foltz
476
PHYSIOLOGIC AND ANATOMIC EFFECTS OF PROPYLTHIOURACIL ON NORMAL AND HYPERTENSIVE RATS. M. J. Fregly and C. I. Hood
486
